

Checklist of the most important questions to ask your ABA center or provider

Name : _____

Question	Notes
How many years have you been practicing ABA?	
How long have you been treating kids with the same condition and age as my child?	
What kind of results have you seen with these children?	
Will my child have a designated ABA therapist? How many hours a week will he see him?	
How much time does a typical evaluation take?	
Do you take parents' requests into consideration in setting up the treatment goals?	
What does an ABA session look like and what tools do you use during the session?	
Can I watch my child's sessions? (if no) Can I at least see videos showing his progress?	
How do you measure progress? How often do you measure progress?	
How do you deal with difficult children?	
How do you handle safety issues?
